- Implications of development and utilisation of natural resources on the economic, social, and cultural realms of the affected population
- Issues relating to land acquisition, alienation and rights
- Capacity Building and Entrepreneurship among Tribal Youth and Women
- Nature and Culture: The question of forest and tribal communities
- Tribal law

## Scope of the Seminar

The scope of the seminar to develop explicit awareness of their own cultural assumptions and how these inform the way they view the practices and beliefs of others. The seminar to study the advantages and disadvantages of detribalisation in an age of expanding education and democratic value, no other place can offer better opportunities to study the basic factor of human

society than Mayurbhanj. It will help us to know the process of change of tribal society notwithstanding its conservation and recent nature. The seminar interlinks the interdisciplinary in character with ethnography, social issues, ethno-history, traditional and modern impacts of their livelihood practises.

## Target audiences/participants

The audiences/participants include students, researchers, academicians and faculties of different institutions, NGOs and social workers from India.

## About the Centre

The masters programme in Dept of Anthropology & Tribal Studies (Est. 2001), and Master in Social Work(Est 2010). Course offered from North Orissa University Takatpur Baripada is a full time campus based Programme.

## About the University

The North Orissa University (NOU) was established in the year 1998 and is included in the list of Association of Indian Universities and Association of Commonwealth Universities. The University is also accredited by National Assessment & Accreditation Council (NAAC), Bangalore with B grade with effect from 10th January, 2011. The territorial jurisdiction of the University covers Mayurbhanj and Keonjhar districts of northern part of Orissa. These two districts are thickly populated with tribal population with an average of 63% inhabitants belonging to the Scheduled Tribes. There are 80 affiliated colleges, both general and professional, catering to the demand of higher education. NOU acts as a beacon light to pull up the underprivileged youth to the national mainstream of art, culture, science and technology.

## About Baripada

Baripada, the district headquarters of district Mayurbhanj. It is situated at the foothills of Similipal Biosphere Reserve. Natural beauty and biodiversity of Baripada is highly acclaimed. The North Orissa University campus is located in outskirts of Baripada town. It is 250 Km from Kolkata, 220Km from Tatanagar and 260 Km from the State Capital Bhubaneswar. Baripada has one Railway Station and other nearest Railway Station is Balasore which is 60Km away from Baripada town. The nearest two airports are Bhubaneswar and Kolkata. It is also well connected to all place of the State.

## About tribal culture on Similipal Biosphere Reserve

Similipal Biosphere Reserve is situated in the Mayurbhanj district of Eastern Ghat Odisha, Indian. The Similipal bio-reserve includes a Tiger reserve, Elephant Reserve and Kuldiha wild life sanctuary. The area used to be the hunting ground of the Maharajah of Mayurbhanj. The Similipal forest is the home land for 16 tribes including 4 major primitive vulnerable populations. This is a treasury of indigenous people and medicinal plants as well as for other useful resources. The region has a unique climatic condition and a well sustained ecosystem.
